H. H. HUMPHREY, LARKINBURG, KANSAS, SELLS SIX BULLS -- all big, dark red, rugged yearlings and five are sired by imported Moy Bounty. He is by Crichton Air Marshal, sire of the 1949 and 1950 champion females at the great Perth show in Scotland. Earl Stoffer has used five very outstanding MERCURY bulls, grandsons of the great Perth champion, Calrossie Mercury. He is selling in this sale, 36 young cows with 1959 calves at foot, dropped between March and August. Sixteen of these cows are sired by Sunnyvale Mercury, by Edellyn Melody Mercury; 13 are sired by Curtiss Calypso 2nd, a grandson of the \$8,000 Edellyn Peerless Mercury. There are 5 daughters of Hoarfrost Mercury, by the Chicago International reserve grand champion bull, Gregg Farms Hoarfrost by Edellyn Valiant Mercury. The calves at foot are sired by **Random Mercury**, by Sni-A-Bar Random Mercury, **Bardee Diamond Jim**, by Gregg Farms Climax and by **MO Lusty Challenger 3d**, a son of the \$3,600 Saltoun Challenger, by the 6,000 gn. Calrossie Good News. Most of the females have also been remated to the above three herd sires. There are 12 cows that are close to calving.

MANHATTAN, KAN. • OCTOBER 31, 1959

Dear Shorthorn Breeders:

We have founded our herd deep in the prolific Mercury breeding and the past several years, it has reached the place where our calves are of very uniform type. We have maintained the middle of the road in type, producing calves that are fast maturing and still able to win in the show ring.

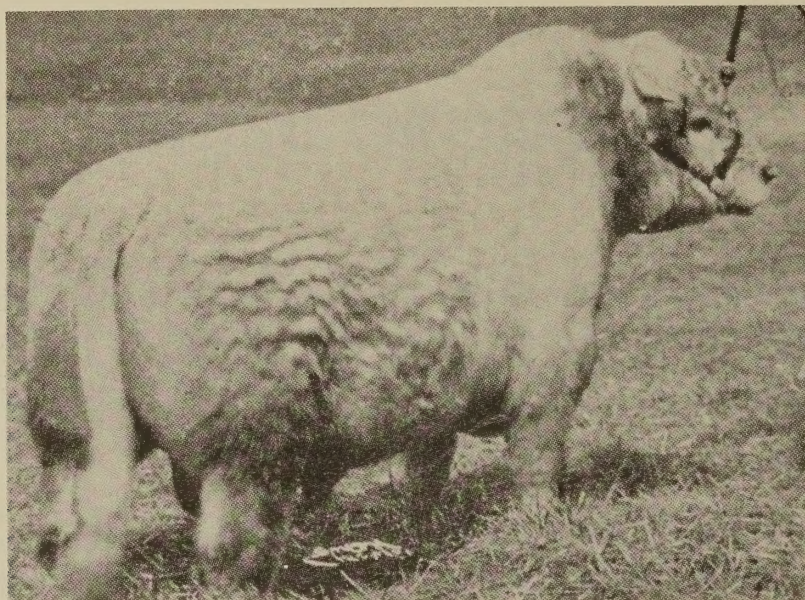

The great "Beau Mercury" we bought in the Al Hamann dispersal which was the highest selling individual of the sale, was the starting of our career in raising cattle with Mercury breeding at its best. In all, we have used 5 very outstanding Mercury bulls and last fall purchased a grandson of "Cal-rossie Good News" with like breeding to cross on our heifers.

Our cattle, as you will see in our sale, are the good, flatbacked, beefy type Shorthorns that can make money for their owners as they have for us.

We are only selling these cows to make room for our steer feeding program we have built the past year by installing a unique system of automation at work.

EARL and LOEVA STOFFER

ROYAL CALLA 14th -- She has a July roan heifer calf sired by M O Lusty Challenger 3D and sells rebred to him.

90 REAL BUYING OPPORTUNITIES

Homer Humphrey and Earl Stoffer have joined in making this 90-head offering available, and both of these men have been breeding the right kind of Shorthorns for many years.

Homer Humphrey is selling six bulls, featuring yearling sons of the imported bull, Moy Bounty.

Earl Stoffer, who has concentrated on the Mercury line of breeding, is offering 48 females, 36 of these are cows with big, husky calves at foot and they all sell directly out of the pasture, with no extra fitting.

This is one of the larger offerings of cows with calves at foot that will be sold this fall, and these three-in-one combinations always make the best buys available. This group of cattle will appeal especially to 4-H and junior showmen. They can find a good selection in young steer and heifer calves that will make excellent project material for next year.

HUMPHREY-STOFFER SHORTHORN SALE

CALROSSIE MERCURY – Founder of the *"New Dynasty"*

Without a doubt, one of the greatest Shorthorn bulls ever imported to America, was the Perth champion, Calrossie Mercury. He brought to the breed a great deal of ruggedness, scale, substance, and fleshing quality and yet had much quality and smoothness and refinement about him. He was a potent sire and it is this same blood that Earl Stoffer has used in his breeding program for the last 10 years.

You will like the uniform quality of the Stoffer calves and the good-doing ability so evident by their smooth, easy, natural fleshing and excellent conformation.

**Standard Guarantee of the
American Shorthorn Breeders'
Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
